Coming Soon: Nevada Medicaid Online Provider Enrollment

HP Enterprise Services (HPES) in partnership with the Division of Health Care Financing and Policy (DHCFP) is currently working on a web-based Provider Enrollment Portal to automate provider enrollment. The Provider Enrollment Portal will be available soon. It will allow providers to complete new enrollment, revalidation and provider changes using a web-based application. Web announcements on this website (www.medicaid.nv.gov) will notify providers when online provider enrollment is available.
